DJ KISS
*Celebrity DJ,
Fashionista*

DJ Kiss is one of the most in-demand DJs in the world. You can find her serving up beats

in the hottest looks while spinning for ABC's *Good Morning America* or for a club opening in Romania. She's global. The fashion world adores her—Alexander Wang and Louis Vuitton have her on speed dial—and her jet-setting, impeccably styled life has been chronicled in *The New York Times*, *Women's Wear Daily* and *Vogue Italia*. And she rules red carpets: both walking them and working them as a correspondent. If there is one thing that Kiss loves almost as much as her career—and, of course, husband (fellow spinner) DJ M.O.S.—it is some bubbly. kisstheeejay.com
